SOFTWARE

KRIS WEYTJENS

MOBILE DEVELOPER

JOYN - FOR LOVE OF L.

JOYN - For the love of local is a loyalty card system brought to digital.

It contains a **user application** (iPhone App), which the users use to collect or scan points and use them in shops.

It also contains a **merchant application** (iPad application) that the merchants can use to give out points and let the users scan.

iOS Developer (2022 - 2023)

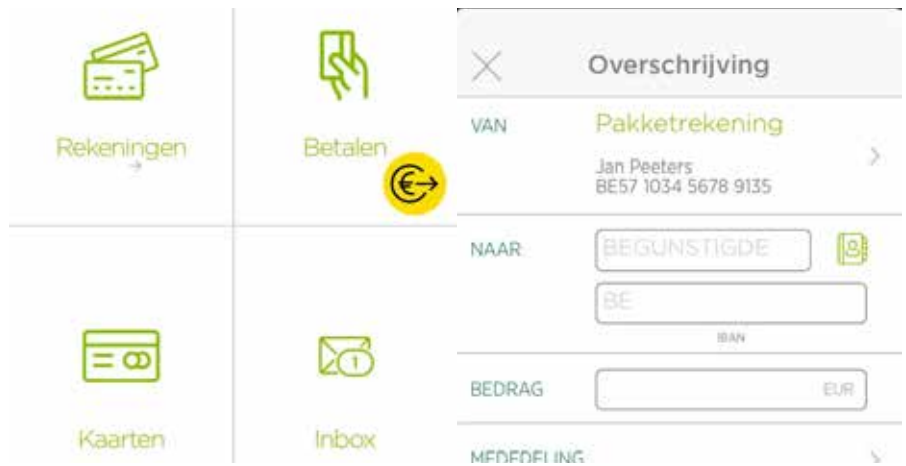

CRELAN - BANKING

Working on developing the Crelan Mobile application.

I'm working on this application as the only iOS-developer, which means I have to multitask. I'm involved in analysis, development, architecture discussions, etc..

iOS Developer / Lead (2020 - 2021)

ZAPPWARE

Working on developing "Video-on-demand" and "TV-Streaming" application for A1.

iOS Developer (2019 - 2020)

KRIS WEYTJENS

MOBILE DEVELOPER

ING BELGIUM

ING Smart Banking App: In charge of developing the mobile applications for Iphone and iPad in Objective-C as well as in Swift.

ING One App: In charge of developing a completely new application which purpose is to be crossborder with other ING countries (Belgium, The Netherlands, Germany and Spain).

I was a technical lead in a feature squad.

iOS Developer / Coach (2012 - 2019)

VDAB - HEVERLEE

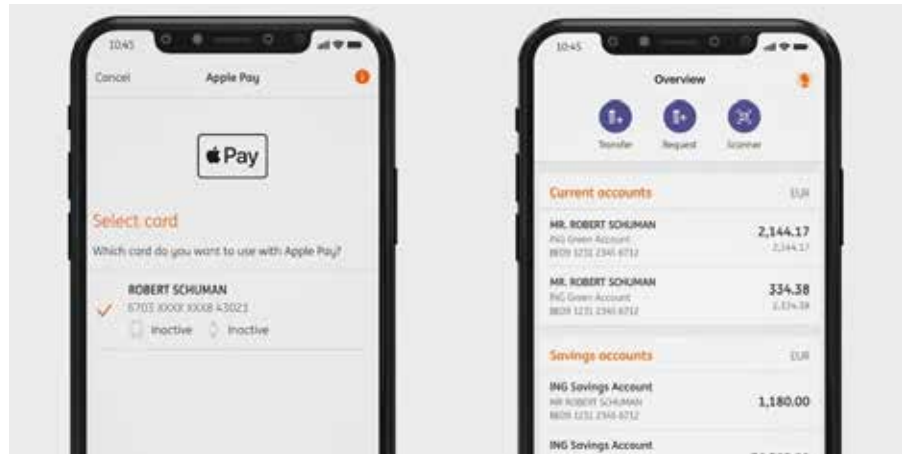

Teaching a class of 10 - 12 (experienced, semi-experienced, non-experienced) people the basics of iOS-development, so they can develop complicated iPhone/iPad applications.

iOS Teacher / Trainer (2013)

4 BUSINESS SOFTWARE

Developing an iPhone application for auction houses.

iOS Developer / Coach (2012)

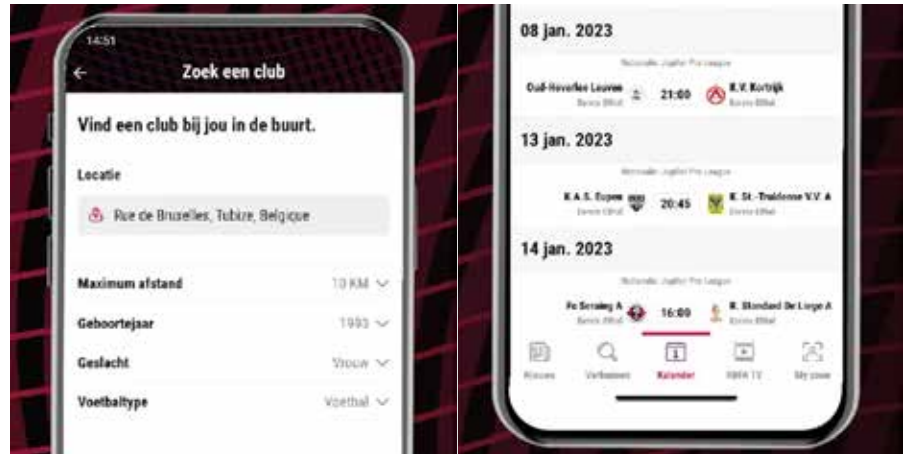

KRIS WEYTJENS

MOBILE DEVELOPER

KBVB - iPhone

KBVB - Koninklijke Belgische Voetbal Bond
Assisting / coaching in developing the KBVB iPhone Application.

iOS Developer / Coach (2012)

IMMOWEB HD

Developing a real estate search engine iPad application.

Besides developing a new iPad application for Immoweb, I was at the same time also giving training to intern employees to improve their iOS skills.

iOS Developer (2012 - 2013)

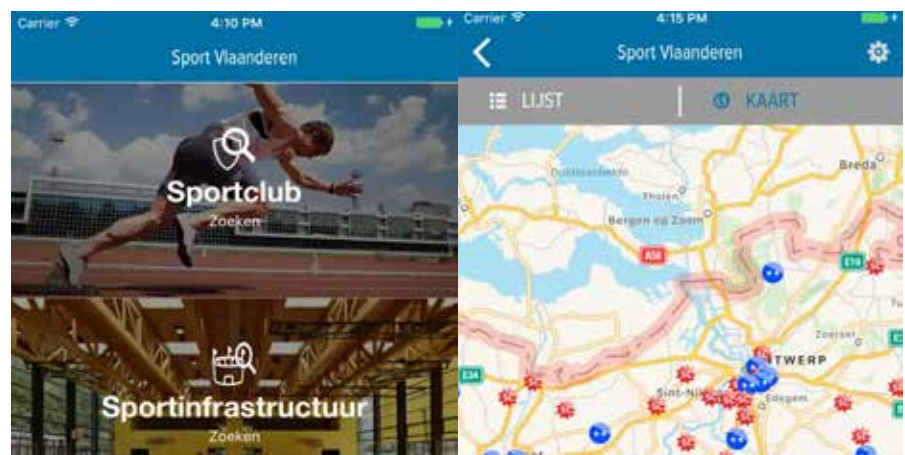

BLOSO SPORTDB

The sportsdatabase 'Flanders' is an initiative of Bloso that has the goal to list all sport organisations and all sport infrastructures in a clean mobile application.

People can request the geographical location on a map and all different kinds of information of each sports organisation.

iOS Developer (2012)

KRIS WEYTJENS

MOBILE DEVELOPER

VIKINGSPOTS

MOBILE VIKINGS - VIKING SPOTS

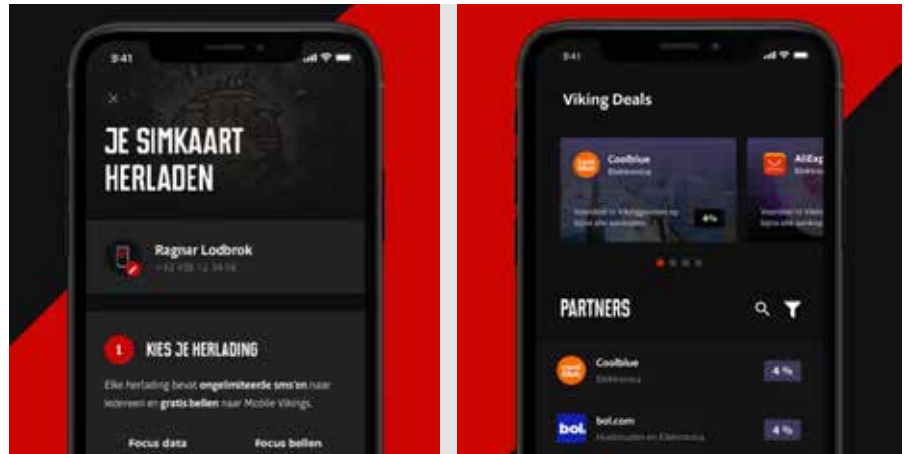

Vikings are urged to check in their favorite spots, so those places can be visualized on a map.

With Viking Spots they want to give their customers a financial benefit.

Vikings can earn points by checking in and then use these points for a free monthly mobile package.

This is the predecessor of the current viking app.

iOS Developer (2012)

RELABEL

Relabel is an application where you can scan a particular QR-Code in a clothing shop. This clothing item will appear on your iPad and you will be able to customize and redesign the complete clothing item.

After redesigning it, you can create a new QR-Code of it. The merchant will scan the newly created QR-Code and will have the clothing item custom made for you.

iOS Developer (2011)
